

Joseph Tolentino

Junior Front-End Web Developer

Am a passionate self-taught junior web developer that already did some front-end works as freelancer and able to follow instructions from clients and fellow developers/designers and the period passed in the bakery taught me how to not think about the problem but, think about the solution with my colleagues; Following my roadmap into becoming a full-stack developer. Now tapping into the basics of React.js. I am 27 years old and currently living in Ferrara(FE), Italy.
